

Alistair Varley, P.Eng, MBA
CEO

Alistair Varley joined Team Eagle in June 2023 as CEO, bringing with him a wealth of transformative leadership knowledge and a dedication to growth and excellence.

With a career that includes both entrepreneurial ventures and executive leadership roles, Alistair possesses expertise in turnaround management, business growth, operations expansion, and process overhaul. In his most recent role, Alistair successfully grew a mid-market distribution transformer business to twice its size, emphasizing the establishment of robust internal processes and achieving impressive profitability targets and EBITDA expansion. Prior to this, Alistair held various senior leadership positions at GE globally.

Alistair holds an MBA from Athabasca University and a Bachelor of Engineering (Hons) from Teesside University. He is a certified Six Sigma Black Belt, reflecting his commitment to efficiency and process improvement, and a registered Professional Engineer in Ontario. His proficiency in English and French, coupled with his internationally diverse experience, underscores his ability to navigate complex business landscapes with strategic insight and vision.

With Alistair's leadership at the helm, Team Eagle is poised to thrive and achieve new heights in the industry, driven by his passion for transformative growth and operational excellence.
