

TV 750 Performance Line

ØVERAASEN
SNOWREMOVAL SYSTEMS

The **ØVERAASEN TV 750 Performance Line** is a new self-propelled snowblower, which is the smallest of the big snowblowers from Øveraasen. The TV 750 has a clearing capacity of 6 500 tons/h / 7 165 US tons/h at a casting distance of 25 m / 82 ft, and with this it rounds off the portfolio of applications for the medium performance segment. The high transport and operating speed makes it possible to carry out the snow clearing reliably and safely in the predefined time window.

TV 750 Performance Line

OVERÅSEN
SNOWREMOVAL SYSTEMS

// ADVANTAGES

- Optimum all round view
- Speed up to 50 km/h / 31 mph
- Vibration free, even in high speed
- Simple, intuitive operation
- Easy access to engines and maintenance points
- Blower system handling all kinds of snow
- Unique walk-in engine room with good access to all service points
- Unique modern touch screen panel for operation and controls
- Comfortable cabin without noise and vibrations
- Biofuel for both engines

// TECHNICAL DATA

Length	10 170 mm / 33 ft 4 inch	Max casting distance	45 m / 148 ft
Clearing width	3 000 mm / 9 ft 10 inch	Engine	Volvo Penta, EU Stage V / Tier 4
Clearing height	2 000 mm / 6 ft 7 inch	Power output	585 kW / 785 HP
Cab height front mounted	4 500 mm / 14 ft 9 inch	Electrical system	24 V / 235 Ah
Cab height back mounted	3 970 mm / 13 ft	Fuel tank	1 500 liters / 396 gallons
Clearing speed	Max 50 km/h / 31 mph	Hydraulic oil tank	120 liters / 32 gallons
Clearing capacity at 25 m / 82 ft casting distance	6 500 tons/h / 7 165 US tons/h	Weight	26 000 kg / 57 320 lb
